RE: Principal Staffing for the coming academic year

Every year at this time, we begin the principal staffing process for the next school year. Already, I know schools that will be in the search process for a principal for the next school year. I have heard from a few of you who are considering or have decided upon a move for next year.

At this time, I am also receiving applications to our pool of principal candidates. I will be conducting interviews with the candidates beginning this month. Again, I ask you to encourage qualified candidates to apply. I am working with search committees who are eager to begin their interviews.

I need to know as early as possible what your plans are for next year so I can know who and how many principals will be needed for the coming school year. Please complete the attached form and return it to our office as soon as possible. The information you provide on this form will help in our planning and **will be held in strictest confidence**. If you have any questions or would like to discuss this matter or your plans, please feel free to contact me at 206 382-4860 or 800 473-5651.
